WHAT'S INSIDE?

WE DON'T MAKE SCOOTERS FOR WEEKEND RIDES.

Every day thousands of delivery riders in Serbia use scooters not built for the job - weekend cruisers pushed through 10-hour shifts that break down and cost fleets time and money.

WE MAKE XO.

- 01 Built for durability, efficiency, and uptime
- 02 Scooters engineered for daily delivery work
- 03 Designed for fleet operators - not lifestyle riders

BUILT FOR DELIVERY.

POWER & SAFETY

Reliable braking and stable handling keep riders confident in traffic, rain, and tight city streets - shift after shift.

LOW CONSUMPTION

Fuel is the #1 fleet cost. XO engines are optimized for maximum mileage to keep cost-per-delivery low.

RELIABILITY

Built to handle 100+ km daily. Reinforced frames and heavy-duty components mean fewer breakdowns.

FLEET-READY

Delivery-optimized from day one — racks, cargo tires, and protection included. No aftermarket mods needed.

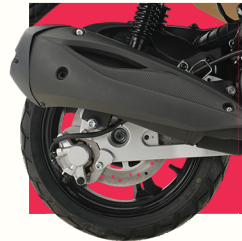

NEW LIGHT

125CC
Engine

6L
Fuel Tank

110 km/h
Max Speed

5.8 kW
Max Power

The most agile scooter in the XO lineup, designed for dense urban routes and fast-paced delivery cycles. Its lightweight frame and responsive handling make navigating tight streets, heavy traffic, and frequent stops effortless for riders working long shifts in the city.

FULL SPECIFICATIONS

Engine — 4-stroke, 2 valves, air-cooled

Displacement — 125cc

Bore × Stroke — 52.4 × 57.8 mm

Max Power — 5.8 kW @ 7500 rpm

Max Torque — 7.8 Nm @ 6000 rpm

Fuel Capacity — 6 L

Ignition — EFI / Carburetor

Front Suspension — Hydraulic telescopic fork

Rear Suspension — Double spring absorber

Brakes — Front Disc / Rear CBS

Tires — 130/60-13 (F/R)

Dimensions (L×W×H) — 1980 × 730 × 1140 mm

Wheelbase — 1375 mm

Ground Clearance — 105 mm

Speedometer — Digital

Key — Mechanical

Built with efficiency in mind, the scooter delivers excellent fuel economy while maintaining reliable day-to-day performance. The combination of low weight, smooth handling, and economical operation makes it a practical choice for fleet operators who need a nimble, dependable scooter for high-frequency city deliveries.

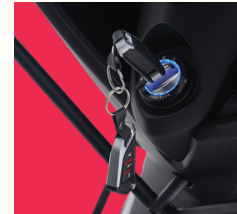

CASMO

125CC
Engine

9L
Fuel Tank

110 km/h
Max Speed

5.8 kW
Max Power

The go-to choice for fleet operators who need reliability and predictable operating costs. Designed to deliver one of the lowest costs per kilometer in its class, CASMO is built to work long shifts without compromise. The large 9L fuel tank extends range and reduces downtime for refueling, helping riders stay on the road longer during busy delivery hours.

FULL SPECIFICATIONS

Engine — 4-stroke, 2 valves, air-cooled

Displacement — 125cc

Bore × Stroke — 52.4 × 57.8 mm

Max Power — 5.8 kW @ 7500 rpm

Max Torque — 7.8 Nm @ 6000 rpm

Fuel Tank — 9 L

Front Suspension — Hydraulic telescopic fork

Rear Suspension — Double spring absorber

Brakes — Front Disc / CBS

Tires (F/R) — 130/60-13

Dimensions (L×W×H) — 1950 × 755 × 1185 mm

Wheelbase — 1390 mm

Ground Clearance — 110 mm

Display — LCD

Key — Smart Key

Convenience and practicality are built in. A smart key system simplifies daily use for riders, while the clear LCD dashboard provides easy visibility of speed, fuel level, and key ride information at a glance. Underneath it all, a reinforced and durable frame is engineered to handle the demands of constant urban delivery — day after day, shift after shift.

STELLAR

150CC
Engine

9.6L
Fuel Tank

115 km/h
Max Speed

11.8 kW
Max Power

When routes are longer and loads are heavier, Stellar delivers the extra power you need to keep deliveries moving. A stronger 150cc-class engine provides the performance required for demanding urban routes, while maintaining the efficiency fleet operators rely on every day.

FULL SPECIFICATIONS

Engine Type – 4-stroke / 2 Valves

Bore x Stroke – 57.4 x 57.9 mm

Displacement – 149.8cc

Max Power – 11.8 kW / 7500 rpm

Max Torque – 13.7 N.m / 6000 rpm

Fuel Capacity – 9.6L

Ignition – EFI / Carburetor

Front Suspension – Hydraulic telescopic fork

Rear Suspension – Double spring absorber

Brakes – F/R: Disc + ABS

Tyres (F/R) – 100/80-14 / 120/70-14

Dimensions (LxWxH) – 1965 x 735 x 1235 mm

Wheelbase – 1350 mm

Ground Clearance – 115 mm

Speedometer – LCD

Key – Smart Key

Built for tougher delivery conditions, Stellar combines higher output with practical features designed for daily work. Dual power output offers stronger acceleration when carrying cargo, ABS braking adds an extra layer of safety, and the large 9.6L fuel tank extends range so riders can stay on the road longer between refueling stops.
